

REVIEWING THE VENTURER UNIT TERM PROGRAM

A Tool for Unit Councils

Part Three

The following templates have been developed to assist the Unit Council and Leaders to review the Term Program.

Use in conjunction with the document, 'Understanding the Areas of Personal Growth & The Scout Method'.

REVIEWING THE TERM – WAS IT A SUCCESS?

Just before the start of each term the Unit Council should meet to review the success of the current terms program to know what activities worked well and to know what changes need to occur to the program for the next term.

REVIEW OF THE TERMS PROGRAM – *Was it a success?*

It is time to get out the checklists again. This time you are reviewing what has actually taken place to help future planning. The 600-point review at the beginning of the year was to ensure all ingredients were included in the program. Has that happened?
